

# **STOP THE WAR ON BLACK & BROWN AMERICA! FREE MIGRANTS, JAIL BANKERS! MONEY FOR PEOPLE'S NEEDS NOT JAILS, COPS & WARS!**

Wisconsin Bail Out The People Movement (WI BOPM) is helping to map out a strategy for defeating the war being waged by the banks, corporations and government against poor and working people. Capitalism cannot continue unchallenged while our very lives are being jeopardized by the rich who are determined to grow richer and more powerful at our expense. We oppose all forms of white supremacy, the anti-immigrant offensive, attacks on women and anti-LGBTQ people—all moves by the rich to keep our class divided.

Milwaukee/WI along with colonized Puerto Rico, has been at the epicenter of bank imposed austerity against poor and working people. But every U.S. city from Chicago to Baltimore to Cleveland to Detroit, from New York City to Oakland and Seattle, has felt the brunt of this attack in the form of cutbacks, school closings, mass transit cuts, water shutoffs, gentrification and destruction of public service unions.

The Trump tax plan and Pentagon War build-up continues the massive transfer of wealth to the rich at the expense of the poor. This war by the banks and on the workers and poor is an international phenomenon spanning every continent. We are working to hammer out a program (*see other side*) on how to fight back against the war by the corporations, the banks and their lackeys like the Bradley Foundation, the American Enterprise Institute and politicians such as Scott Walker. **JOIN US!**
