

We need JOBS — not Hate

Racist scum, the 3% United Patriots and The Free Men Report, are planning to rally in Madison January 12, 2019. They want to spread their poison to divide working and poor people.

It wasn't African Americans who shutdown Allis-Chalmers, Oscar Meyer, GM and other work sites in Wisconsin destroying thousands of union jobs. Migrant workers aren't responsible for closing American Motors, A.O. Smith and dozens of other factories across the state.

Billionaires did that. It's the billionaire Koch Brothers and the Bradley Foundation who finance Scott Walker, Robin Vos, Scott Fitzgerald and other right wing politicians anti-union austerity campaigns.

The wealthy and powerful want to get rid of Social Security, Medicare, Medicaid and everything else we've won in the past 100 years. That's what the budget fight in Washington D.C. is all about—and funding Pentagon wars.

The only weapon we have to defend our unions, to fight foreclosures and evictions, to defend the undocumented, to fight for public education, to defend ourselves against the police, to support LGBTQ and women's rights, is our unity. Like the Bradley Foundation bigots who support Walker and other racist politicians, right wing groups are doing the dirty work of big business from Charlottesville to Wisconsin and beyond.

Don't let the racist scum be unopposed when they come to Madison! Defend the unity that brought a hundred thousand people to Madison to fight the Jim Crow union buster Walker.

Say NO to racism! We need living wage union jobs, not hate! There are No Borders In The Workers Struggle! No Human Being Is Illegal!

Join us to oppose the racists!

Say NO to the Racist Hate Rally!
